21  The Face of Philanthropy
Dear Friends,

On behalf of the Board of Directors of the Lake County Community Fund, we wish to thank you for helping to make 2019 and 2020 two very important years of growth and development. Since we received our nonprofit status in 2017, we are grateful for so much.

We owe a great debt of gratitude to our dedicated Board of Directors and our founding Executive Director, Leslie Cook-Knerr. Without their vision, tireless efforts, and commitment, we would not be where we are today.

The Lake County Community Fund was born out of acute need. Lake County sits not only in the shadows of Colorado’s tallest peaks, but also neighbors the resort counties of Eagle and Summit.

Though our workers and consumers contribute to thriving businesses and economies for these communities, we benefit from few of the resources they enjoy. Out of all the central Rocky Mountain communities in Colorado, Lake County is the most vulnerable, with the greatest number of children and youth facing the most difficult circumstances.

As you read through this Annual Report, you will see that we are making tremendous progress.

We are eternally grateful to Climax Molybdenum Company, their employees, and Freeport-McMoRan Foundation, who have been invaluable partners. Since our founding, we have witnessed firsthand their sincere commitment to the health and prosperity of our Lake County community. They have set the bar high and are a wonderful example of authentic corporate community engagement.

In the fall of 2019, we were pleased to announce the Copper Mountain Resort and POWDR Corp four-year $200,000 challenge grant award. This grant will provide wonderful outdoor adventure opportunities for Lake County youth, as well as support for important environmental causes.

Regarding our community grants, since 2017 we have awarded $181,000 in grants to more than 50 Lake County organizations.

If there is any positive aspect to the COVID-19 pandemic, it has been watching Lake County nonprofit and government agencies and so many volunteers come together to take care of each other. Through our Disaster Relief Fund, 106 donors have contributed $140,000 to provide rent and utility assistance to 111 households representing 318 individuals.

We wish to express our appreciation to the Vail Valley Foundation Community Fund for awarding in June a $43,500 grant to assist with rent and utilities for Lake County residents who work in the Eagle River Valley and have lost or have experienced a reduction in their employment.

Following the tragic death of George Floyd, our Board established the Diversity, Equity, and Inclusion Committee to study how we can commit to learning, identifying, and implementing actions to combat racism and discrimination.

Finally, as a symbol of our deep pride for this remarkable and resilient community, the new “We Love Leadville” sign was unveiled September 6, 2019, in the Howard Tritz Park (pg. 14).

As we look forward to 2021 and beyond, we have to remind ourselves of our extraordinary history. Since the 1870s, tremendous wealth has been extracted from Lake County. But Leadville—one of the second most populous city in Colorado—and Lake County, continue to face significant challenges.

Our goal is to build an endowment so that we can sustain local programs in perpetuity and break the boom and bust cycle. In order to provide this support long-term, we need your help.

We wish to express our appreciation to all of you who have been so generous and who have made it possible for the Lake County Community Fund to succeed. We look forward to your continued support as we pursue our mission.

Respectfully yours,

Greg Labbe
Mayor of Leadville

John McMurtry
Executive Director
VISION

We envision a Lake County that has an abundance of sustainable philanthropic resources to support a thriving community.

VALUES

Our work will be guided and informed by our beliefs in and commitment to:

Local  We value support for local people, businesses, and organizations, and strive to support those entities through our communications, operations, and grant-making.

Community We value community input, guidance, and support, all of which are critical as we strive to understand community needs and fund initiatives to address them.

Diversity, Equity, and Inclusion Our community is home to people from a range of backgrounds and beliefs, cultures and traditions, opinions and experiences; we value diversity, equity, and inclusion because our initiatives are stronger when we draw on the rich perspectives our community offers.

Collaboration We value collaboration because positive impacts are greater when we work together to harness our collective strengths.

Heritage We value Lake County’s rich heritage—our mining history, mountain culture, and our unparalleled landscape—which makes ours an extraordinary community and serves as an inspiration to locals and visitors alike.
The Lake County Community Fund (LCCF) was created to provide an additional, steady source of funding for nonprofits in Leadville and Twin Lakes, Colorado.

Inspiration came when a group of individuals recognized that to accomplish their collective goals, these historic mining towns needed a more sustainable funding approach.

The LCCF Steering Committee formed in August 2014 and began exploring options for building a community fund. As part of this process, the committee chose to form an affiliate fund with the Pikes Peak Community Foundation until its own application for 501(c)(3) nonprofit status could be approved. The initial board of directors were seated in February 2016 and the LCCF was formally established as an independent nonprofit in June 2017.

**A fund by and for the community**

Today, as board and committee members, we are hard at work setting up the processes that will help us establish a fund for Leadville and Lake County that can support great community efforts in good times and tough times forever. Currently, our efforts are focused on creating policies to assist in expanding the LCCF and building the LCCF’s endowment fund.

Above all else, we intend for LCCF to be a fund built by and for the community. We seek community input and continue our outreach efforts with local stakeholders to support the mission of the LCCF and refine our work based on the community’s guidance.

**OUR WORK**

The Lake County Community Fund (LCCF) envisions a Lake County that has an abundance of sustainable philanthropic resources to support a thriving community.

To arrive at that vision, the LCCF provides a means to expand the capacity of local organizations, promote and facilitate giving opportunities, and inspire investment in Lake County.

Donors who want to give to a charity that supports the community can contribute to the fund and know their donation is going to a trusted source. Leadville and Twin Lakes nonprofits or organizations partnered with a Lake County agency can apply for grants through the fund to further their missions.

Together, donors and nonprofits will build a long-term source of funding—and a sustainable future—for Lake County.
The Lake County Community Fund serves all 7,764 community members in Lake County by providing a new source of funds to support local programs, projects and assets and to expand the capacity of Lake County organizations. According to the Colorado Secretary of State, Lake County is home to nineteen registered nonprofits in addition to dozens of agencies and projects affiliated with local government, schools, and churches.

The Community Fund’s aim is not to compete with other community organizations, but instead to create a more efficient way for donors to make a gift, grant, or contribution to a variety of causes in Lake County.

Our developing community foundation serving Leadville and Lake County, is an IRS approved 501(c)(3) nonprofit organization.
Friends of the Community

Anschutz Family Foundation
City of Leadville
Climax Molybdenum Company
Colorado Mountain College
Community Banks of Colorado
Community First Foundation
Copper Mountain Resort
District Attorney, 5th Judicial District

Freeport-McMoRan Foundation
Melanzana
Lake County Government
Lake County Tourism Panel
Leadville Chamber of Commerce
Lifetime, Inc.
Oak Leaf Energy
POWDR Corp.
Summit Foundation
Vail Resorts
Vail Valley Foundation
The Lake County Community Fund provides a mechanism to capture funds from outside of Leadville. It provides an avenue for people who may want to donate to the community but who are unfamiliar with area charities.

This arrangement also provides an easy, one-stop method for donating to a variety of causes within Leadville and Twin Lakes. The fund also can serve as a fiscal agent for entities that are unable to provide tax-deductible receipts to donors.

Lake County Community Fund sponsors seven fiscal funds:
- Lake County Disaster Relief Fund
- Lake County Open Space Initiative
- Lake County School District
- Lideres Latinoamericanos Leadville
- Lions Club
- Pumpkin Patch
- Tree of Sharing

The Community Fund provides a convenient method for donating to a variety of causes within Leadville and Twin Lakes. The fund also can serve as a fiscal agent for entities that are unable to provide tax-deductible receipts to donors.
Copper Mountain Resort $200,000 Challenge Gift Kicks off Four-Year Endowment and Community Support Campaign

In early October 2019, the Lake County Community Fund announced that Copper Mountain Resort was making a four-year $200,000 challenge donation to support Lake County.

The Copper Mountain Resort challenge gift includes $50,000 in annual one-for-one matching contributions to the Lake County Community Fund over a four-year period, beginning in 2019. A portion of the gift will go to support the Lake County Community Fund endowment, a permanent fund to support sustainability for the Lake County community.

Another portion will be dedicated to supporting Lake County nonprofit organizations focused on outdoor youth adventure education and the development of lifetime sports skills in addition to environmental initiatives. Criteria for these grants were announced Spring 2020, at which time Leadville and Twin Lakes nonprofits applied for grants to further their important missions.

“We recognize how important Lake County and Leadville are to our success, and we’re proud to be the leading supporter of the Lake County Community Fund’s Campaign for Lake County,” says Dustin Lyman, president and general manager of Copper Mountain Resort.

“We believe quality of life is connected to the well-being of the community and are pleased to aid local initiatives consistent with our corporate responsibility and commitment to Play Forever. By pursuing these objectives, we hope to protect the environment and enable participation in the adventure lifestyle.”
True to the mission, the Lake County Community Fund provides a means to expand the capacity of local organizations, promote and facilitate giving opportunities, and inspire investment in Lake County.

The Lake County Community Fund supports a variety of projects in Leadville and Twin Lakes: arts, community and economic advancement, environment, education, health, youth development, and more.

The grant award process involves a thoughtful and thorough review of the many qualified applications. We undertake a careful assessment of community needs, research existing programs, and identify gaps in services in order to make grants that will provide the most effective support for the Lake County community. We want our grants to provide support for Leadville/Lake County nonprofits’ greatest needs. We also hope that the grants will highlight community buy-in for valuable local endeavors.

Community Grant Awards

In 2020, the Board awarded $31,000 to nine Lake County nonprofit organizations as part of the Community Grants and $25,000 to four nonprofits under the Copper Mountain Resort grant program (page 18).
The Lake County Community Fund established the Disaster Relief Fund as a proactive measure in 2018 to lend support during that historic wildfire season. The Fund was activated in 2020 to channel critical resources to those Lake County residents most seriously impacted by the COVID-19 pandemic and the corresponding humanitarian crisis.

Lake County nonprofit and government agencies have worked to create a process by which Lake County community members can request and receive help during the COVID-19 crisis. The goal has been to create a “No Wrong Door” system for community members as they seek assistance.

We are grateful for funding from the Vail Valley Foundation Community Fund for awarding a $43,500 grant to assist with rent and utilities to Lake County residents who work in the Eagle River Valley and have lost or have experienced a reduction in their employment status and who do not qualify for other assistance.

In a three-and-a-half-month period, 106 donors contributed $140,000 to support 111 Lake County households and 318 individuals, primarily for rent and utility assistance.

Unmet Needs Committee

Thank you to the members of the Unmet Needs Committee—Heroes—for serving on the front lines of the COVID-19 pandemic and for creating a system for community members as they seek assistance:

Cailee Hamm, Director, Lake County Office of Emergency Management

Colleen Nielsen, Director, Lake County Public Health

Gloria Perez, Lake County Collaborate Management Program Coordinator, and System of Care Project Manager/Department of Human Services

Eudelia Contreras, Resilient Lake County Coordinator

Karla Alder, Family and Latino Services Coordinator

A special recognition and thank you to Lake County nonprofit organizations, agencies and so many volunteers who have come together to take care of each other:

Advocates of Lake County
Colorado Mountain College Cornerstone Church
First Presbyterian Church of Leadville
Friends of Twin Lakes
Full Circle of Lake County
Get Outdoors Leadville
Lake County School District
Cloud City Conservation Center
Lake County Public Health Agency
Lake County Public Works
Lake County Office of Emergency Management
Lake County Build a Generation
Lake County Department of Human Services
Lake County Wraparound
St. George’s Episcopal Church
St. Vincent Hospital
STATEMENT OF SOLIDARITY

We feel strongly that the impact of George Floyd’s death applies not only nationally, but to our local community and requires all of us to reflect deeply about how we can commit to eradicating racism and discrimination on any level.

We are committed to listening, educating ourselves, and having conversations about how the Lake County Community Fund can most effectively rise to this challenge. Our board and staff humbly acknowledge that we don’t have all of the answers, but we commit to identifying and implementing actions to combat the status quo.

On June 10, 2020, the Lake County County Community Fund published a Statement of Solidarity and convened a Board Committee—Diversity, Equity and Inclusion—to study and learn how the Community Fund can create positive change.
Tribute Sign Embraced By Locals and Visitors

The new We Love Leadville sign was unveiled September 6, 2019, in the Howard Tritz Park.

The sign honors the iconic version painted on a wall north of town that was removed in 2017 to make way for the Railyard Leadville development.

High Country Developers, which is building Railyard Leadville, donated $5,000 as a matching challenge to help fund a tribute to the sign.

Grants and contributions from Freeport-McMoRan Foundation, the Lake County Tourism Panel, and $5,000 in community donations at the farewell-to-the-wall party pooled enough money to build a tribute. The City of Leadville and Lake County Recreation, Maintenance, and Road and Bridge Departments provided in-kind support.

The new sign is a community effort. Community members were invited to submit design bids and community-wide votes decided the winner.

The following individuals, agencies and foundations have made this tribute possible:

Leslie Cook-Knerr
Sarah Dallas
Julie Lundgren
Freeport-McMoRan Foundation
Lake County Tourism Panel
High Country Developers
The City of Leadville Street Department
Lake County Community Donors
Lake County Recreation, Maintenance, and Road and Bridge Departments
Following an afternoon of torrential rain, hail, sleet and lightning, the Community Dinner went off even better than planned. The sun shone down brightly on our City of Leadville and Lake County as we came together to share friendships, some great food and entertainment.

More than 61 table sponsors and 450 community members and sponsors attended the second annual "We Love Leadville Community Dinner" on Friday, September 6.

This community gathering was a wonderful opportunity to bring people together to build community, and enjoy some very creative and fun table decorations!

The Lake County Community Fund would like to express our sincere appreciation to the following individuals, businesses and organizations who helped make the 2019 "We Love Leadville Community Dinner" a success:

Mayor Greg Labbe
Katie Konigsberg
Carey Nall
Chase Rebholz—Sodexo
Christine Street—Treeline Kitchen
City of Leadville
Colorado Mountain College
Cloud City Conservation Center
Dave TenEyck—Boom Days

Dawna Schneiter

Marika Guthrie—The Contented Heart
Mount Princeton Hot Springs Resort
Peter Frykholm—Precision Peaks
Rafael Millan—Leadvelo
Sherry Randall—Cookies with Altitude
St. George Episcopal Church
Sue Miller
Tina Wood
Vail Resorts
Health Care

Health care costs across the nation, especially in rural and underserved areas, continue to rise. In Leadville and Lake County, average health insurance premiums are 11 percent more expensive than the state average while incomes are 36 percent lower.

During the fall of 2019, the Lake County Community Fund enlisted Peak Health Alliance, a nonprofit health insurance purchasing collaborative, to study data of healthcare spending in Lake County.

In early 2020, Peak formed a partnership with St. Vincent Hospital, Centura Health, and the local Lake County independent physicians association. They negotiated and signed a carrier. As a result, Peak Health Alliance will be able to offer plans to Lake County residents starting on January 1, 2021. Peak projects that up to 700 enrollees will save a cumulative $700,000.

The work of Peak Health Alliance was made possible through a $5,000 grant from Freeport-McMoRan, Inc. and Climax Molybdenum Mine, and grants of $2,500 each from the City of Leadville and Lake County Government.

Nonprofit Workshops

July 2019, the Lake County Community Fund hosted a financial planning workshop for 27 Lake County nonprofit leaders, staff, volunteers, and board members. Community Resource Center developed the curriculum and offered training and technical support.

The six-hour session provided an overview of the critical components of financial management for nonprofit organizations.

In addition, two free workshops were hosted by the Lake County Community Fund, in partnership with the Chaffee County Community Foundation:

- February 21, 2019, “Five Keys to Fearless Fundraising”
- March 5, 2019, “The Ownership Model of Board Governance”
For the second year in a row the Lake County Community Fund joined the Herald Democrat and the City of Leadville on March 11th to participate in the State of the Community.

Lake County’s special districts and Lake County Community Fund updated the community on 2019 accomplishments and 2020 goals at Freight in Leadville.

The free event provided local organizations with an opportunity to update community members on past and current projects, roadblocks and successes, as well as future plans. Exciting community projects discussed included a new hospital and elementary school.

Seven special districts made presentations:

The City of Leadville
Lake County Government
Lake County School District
Colorado Mountain College
St. Vincent Hospital
Parkville Water District and Leadville Sanitation District
Lake County Community Fund
2017 Grants

Friends of Twin Lakes: Awarded $1,498 for emergency response capacity-building for southern Lake County area community members, including critical medical and fire response training, as well as needed emergency response equipment.

Full Circle of Lake County: Awarded $3,150 for youth drug and alcohol prevention programming that promotes positive skills and behavior by engaging youth in music, art and recreation.

Leadville Main Street Program: Awarded $3,669 for its efforts to promote and revitalize Leadville’s downtown through a Shop Leadville marketing campaign and training.

Mineral Belt Trail Committee: Awarded $1,165 for its summer project engaging local youth in a meaningful, outdoor work experience repairing and maintaining the Mineral Belt Trail.

St. George Community Meal Program: Awarded $2,858 to support provision of free, hot meals to Leadville/Lake County’s most vulnerable community members.

The Advocates of Lake County: Awarded $2,250 to help survivors of domestic violence establish self-sufficiency while leaving abusive relationships by providing food and transportation assistance, as well as support for payment of medical fees.

Cloud City Conservation Center: Awarded $4,500 to support the Healthy Homes Energy Project, bringing free health and safety improvements to Lake County families, while supporting local contractors and improvements to local housing stock.

Tabor Opera House Preservation Foundation: Awarded $910 for sound and lighting needs at the Tabor Opera House.

2018 Grants

Advocates of Lake County: Awarded $2,250 to help survivors of domestic violence establish self-sufficiency while leaving abusive relationships, by providing food and transportation assistance, as well as support for payment of medical fees.

Cloud City Wheelers: Awarded $1,700 for Executive Director and Board capacity-building and technical support for pursuing significant funding dollars through grant requests.

Full Circle of Lake County: Awarded $1,200 for youth drug and alcohol prevention programming that promotes positive skills and behavior by engaging youth in music, art and recreation; funds will be used to purchase new DJ equipment for the Boogie Down Productions DJ Club.

Lake County Recreation Department – Archery Program: Awarded $402 for the purchase of safety equipment to use with participants enrolled in youth archery programming.

Lake County School District Youth Council: Awarded $2,465 to support youth leader development in our community through the LCSD Youth Council; grant funds will support a stipend for a Youth Council leader.

Leadville Film Commission: Awarded $550 to purchase video production equipment for community film equipment library.

Leadville Main Street Program: Awarded $2,500 to help revitalize Leadville’s Zaitz Park, located on Harrison Avenue, through a mural and mosaic beautification project.

Lideres Latinoamericanos Leadville: Awarded $4,700 to provide live music and assist with traditional baile folklorico costume creation for Lake
2018 Grants Cont.

County’s 2018 Fiestas Patrias event, scheduled for Saturday, September 8.

St. George Community Meal Program: Awarded $2,000 to support provision of free, hot meals to Leadville/Lake County’s most vulnerable community members; grant funds will be used to purchase a new grill.

Tabor Opera House Preservation Foundation: Awarded $2,233 for the purchase of the front lighting at the Tabor Opera House.

2019 Grants

Advocates of Lake County: Awarded $2,400 to support leasing or purchasing a printer for their office to allow staff to complete the work necessary to grow the Advocates’ services and programs.

Bright Start Learning Center: Awarded $3,500 for teacher professional development and new outdoor educational play equipment to support healthy play and development for young children.

Cloud City Conservation Center: Awarded $1,043 to support materials purchases for the Quick Fix program that operates in conjunction with the Residential Energy Efficiency Program.

Friends of the Lake County Public Library: Awarded $2,407 for STEAM (Science, Technology, Engineering, Art, and Math) “maker” materials to allow for expanded year-round programming for the youth in our community.

Friends of Twin Lakes: Awarded $719 to purchase one Kitchen Aid 46 Energy Star dishwasher for fire engine two.

Full Circle of Lake County: Awarded $1,620 to support staffing and purchase snacks for the Outdoor Leadership Club.

Lake County Search and Rescue: Awarded $588 to assist with purchasing jackets and to fully fund the purchase of long-sleeved shirts for Search & Rescue volunteers.

Lake County Senior Center: Awarded $2,500 to purchase a commercial grade dishwasher for the Senior Center.

Mineral Belt Trail Committee: Awarded $1,600 to fully fund the Rio Grande road bed ownership efforts for the Mineral Belt Trail Fairview Loop expansion.

National Mining Hall of Fame and Museum: Awarded $1,100 to highlight historic features of the city, mining district, and surrounding mountains through creation of one educational art panel for the Museum’s outdoor balcony.

Planned Pethood Assistance: Awarded $1,523 for medical equipment and veterinarian services to assist low-income families with medical services for their pets.

Tabor Opera House Preservation Foundation: Awarded $1,500 to support video and dance artist workshops during the 2019 summer season’s youth arts learning lab pilot project.
2020 Grants

Lake County Community Awards

Advocates of Lake County: Awarded $6,000 to cover the upkeep and utilities to ensure that the Safe House remains operational and able to act as a refuge for victims of violence.

Buena Vista Rotary: Awarded $500 to purchase 30 infant/child car seats in partnership with the Leadville Lake County Fire Rescue.

Cloud City Wheelers: Awarded $1,976 in funding for single track trailhead improvements in the Turquoise Lake area.

Full Circle of Lake County: Awarded $1,000 to fund the Family Resource Connection Project, which connects families with opportunities, events, organizations, and resources available in Leadville and Lake County.

St. George’s Episcopal Church: Awarded $9,200 to fund the purchase of an electric double full-size convection oven for the new kitchen, which will function as a hub for Lake County residents to access wholesome, nourishing foods.

Tabor Opera House Preservation Foundation: Awarded $2,018 to fund the purchase of a movie projector at the Tabor Opera House to allow local organizations who hold events at the Opera House to show films as part of their event.

Lake County Build a Generation: Awarded $3,712 to fund an AmeriCorps VISTA position. The VISTA position will help strengthen Lake County Build a Generation in its first year as a stand-alone nonprofit.

Bright Start Learning Center: Awarded $5,000 to fund operating costs associated with running an early childhood education center for Lake County children.

Planned Pethood Leadville: Awarded $1,594 to purchase medical equipment for the Leadville Lake County Animal Shelter for preventative procedures, software to improve shelter management efficiency, staff training and animal training and safety equipment.

Copper Mountain Resort Award

The Center Early Childhood Programs: Awarded $2,000 to fund the learn-to-ski program for twenty preschool-aged children. The learn-to-ski program advances the goals of health and wellness, youth-oriented outdoor adventure education, and teaching lifetime sports skills.

Cloud City Conservation Program: Awarded $5,937 to fund the expansion and improvement of the community garden component of the Cloud City Farm so that it is a welcoming community space. Funding will help address the environmental impact of our local food system while also increasing access to healthy food, reducing food insecurity and engaging residents in environmental issues hands-on through Lake County's first community garden.

Friends of Cloud City Ski Club: Awarded $5,000 to fund the purchase of rental cross-country ski gear for high school and middle school skiers in the Cloud City Ski Club programs. The objective is to engage a diverse group of skiers at a young age so that they will learn to love the sport and want to continue it throughout their life.

Get Outdoors Leadville: Awarded $12,063 to support the Rockies Rock Summer Camp, an eight-week summer enrichment camp for 1st-8th grade youth. The program will teach human-powered outdoor recreation, placed-based environmental education, and character development.
